LETTER FROM THE IMMEDIATE PAST CHAIR

It has been my honor and privilege to serve the San Angelo Chamber of Commerce as the Chairman of the Board of Directors for 2021. As I reflect back on the last year, I am reminded of the many blessings of living in this community. While 2021 certainly presented a fair amount of continued challenges and obstacles, our community came together to overcome these, resulting in new growth and economic success. I don't believe the level of teamwork and collaboration between all industries and groups that we have here exists anywhere else, and that genuinely makes San Angelo special. We truly "Go Further Together."

I am honored to have worked throughout the past year with an outstanding Board of Directors, Executive Committee, and Chamber staff. They are truly an amazing group of people dedicated to the strength and success of our community. Thank you for all of your assistance and support!

I'm also excited to welcome Janet Karcher as she begins her term as Board Chair. Janet has been instrumental in her contributions to our Board and an outstanding leader who will be a strong champion for our continued success in 2022.

My sincere thank you to everyone for all of your support during the last year!

Shane Plymell

2021 Chamber of Commerce Board Chair

LETTER FROM THE 2022 BOARD CHAIR

Greetings! The San Angelo Chamber of Commerce has been the voice of business and tourism in the Concho Valley since 1916 and as the Chamber enter its 106th year, I am truly honored to serve our wonderful community as the Chair of the Board of Directors for 2022. While we have faced many obstacles during 2021, our community continues to amaze me with its great resilience. We have witnessed inspirational commitment from partners across the Concho Valley who care deeply about San Angelo and its neighbors. Recognizing this unwavering support from our valuable members, nonprofits organizations, and local leaders, the Chamber stands committed to ***Growing Business, Building Community in 2022.***

I would like to thank outgoing Board Chair, Shane Plymell for his dedication and remarkable leadership this past year. During his time as Chair, Shane's collaborative approach in Going Further, Together helped the community navigate the most pressing needs impacting our great city. His commitment to the overall health of the Concho Valley has helped lay the foundation that will continue to drive success for the Chamber for years to come.

As we focus on achieving the goals set forth for the coming year, we know each division of the Chamber plays a vital role in our success as a community. The Chamber team has positioned itself to provide the highest level of service to not only those who call San Angelo home, but to those seeking new adventures. This collaborative effort is possible through the relentless work of the Chamber staff, dedicated volunteers, driven community partners and most importantly, YOU.

We have an outstanding Board of Directors and I look forward to serving alongside these individuals who will continue to positively shape our community. I hope to have the opportunity to personally work with you in the coming year and sincerely thank you for choosing the San Angelo Chamber of Commerce as your partner in Growing Business, Building Community.

Thank you for your continued support.

Janet Karcher

2022 Chamber of Commerce Board Chair

AN EXTRAORDINARY YEAR OF RECOVERY AND GROWTH

The San Angelo Chamber of Commerce experienced significant growth, thus increasing not only our membership, but our ability to provide more services to our community for a bigger overall impact. This outreach and other efforts resulted in our Chamber being the largest, in terms of membership, in our 106-year history.

Moving forward, the Chamber was afforded the wonderful opportunity to incorporate the Young Professionals of San Angelo into the Chamber organization. Along with this new partnership, the Chamber attained the 20 under 40 program which will allow further support and recognition for the young professionals in our community.

We would be remiss if we did not discuss the collaborative efforts, we continue to have with Goodfellow Air Force Base. The programs offered to support our military and their families continue to grow and provide much needed resources for both Goodfellow Air Force Base as well as San Angelo's community. We had an active year of advocacy in support of not only supporting the goals of Goodfellow, but also further developing the missions that Goodfellow serves.

The West Texas Legislative Summit is our largest Chamber event. Every year we strive to inform the west Texas region of the legislative agendas and what we can expect in the coming years. In 2021, we set record numbers for sponsorships and overall participation, with ten congressmen from across the state of Texas participating in panels. The Summit allowed us to work closely with the various representatives in attendance to further advocate to ensure the needs and advancements of the Concho Valley area were addressed.

As a community we came together again in 2021 facing challenges and seizing many opportunities. While the lingering effects of the COVID-19 pandemic are still felt, the San Angelo Chamber of Commerce has and will continue to work closely with all city and county organizations to ensure that our community is protected and safe. It is our hope that we will continue to see the support for each one of you that allowed our economy to grow and flourish during the past two years despite the challenges. With a revised Mission and Vision combined with a new set of Core Values, the San Angelo Chamber team is ready for an even better 2022.

MISSION STATEMENT

We passionately strive to develop a pro-business climate, drive economic growth, and promote travel and tourism through community advocacy, attracting visitors and industry, retaining and growing local businesses, and building a vibrant quality of place.

VISION STATEMENT

To be the trusted resource for relationship building, economic, travel, and tourism expertise and the key driver of business and community prosperity.

CORE VALUES

TEAMWORK

We depend upon each other as we drive towards common goals. We are open in our Communication, we Respect each other's views, we strive to collaborate and seek Inclusion in our planning and execution, and we have fun working together.

SERVICE

We are focused on the growth and well-being of people and the community in which we live. We strive to build our knowledge and skill as we focus on a mission that is continually centered on the needs of all our constituencies.

DEPENDABILITY

We build trust by holding ourselves and each other accountable to our commitments. We are reliable individually and as a team in all that we deliver to our community.

INNOVATION

We have a strong customer focus, strategic vision, and willingness to challenge the status quo. We are creative in the way that we face challenges and the way we proactively drive superior results.

INTEGRITY

We always strive to do the right thing. We are Honest in our communication, fair in the way we treat each other and diligent in terms of fulfilling our commitments. We are compassionate and this drives our commitment to serve others with empathy, respect and dignity.

PASSION

We bring a Willingness to help, dedication to the job and performance that is above the call of duty. We strive for excellence in all we do and seek to enthusiastically drive continual improvement. "Best Ever" is our standard.

DRIVING THE GROWTH OF YOUR BUSINESS

In 2021, the Chamber team set record growth for ribbon cuttings and other on-site membership events. We produced events that informed, entertained, and recognized the excellence within our community. The new Shop Local campaign featuring “Shelby the Shop Local Sheep” was a great success. The 20 under 40 Awards Program further cemented a great relationship with the Young Professionals of San Angelo. We look forward to a continuation of growth, connection, relationship building, and prosperity for our community, members, and visitors.

A LOOK BACK AT 2021...

OASIS MAGAZINE

Each year the San Angelo Chamber of Commerce publishes *Oasis Magazine*, the official newcomer guide and complete member business directory of the Chamber. Available online and in print, *Oasis Magazine* is one of the Chamber's most prominent and informative publications and can be found at over 50 distribution points in the city.

SOFTWARE UPDATE

As a continued effort to provide the most value for our members, we transitioned to GrowthZone in January 2021. GrowthZone is a new intuitive membership software that delivers a higher-level online experience for our members, including a redesigned website. This software also features an educational InfoHub, along with other member-exclusive benefits. Be sure to check it out at www.sanangelo.org.

SOCIAL MEDIA

With over 10,000 combined followers across social media platforms, the Chamber saw a massive surge of online activity and growth in 2021. From awardee interviews to event recaps, membership spotlights to our shop local campaign, the Chamber's social media platforms reached over 500,000 people in San Angelo, Tom Green County, and across the United States.

RIBBON CUTTINGS

In 2021, the Chamber hosted over 60 Ribbon Cuttings and Business Celebrations. From new businesses to relocations, anniversaries to expansion of services, the Chamber supported each local business in strengthening their entrepreneurial efforts in the San Angelo community. With our ever-growing membership base and continued member support, we look forward to what 2022 will bring.

EVENTS

The Chamber hosted 25 events in 2021. On top of our monthly Happy Hours and Luncheons, our 17th Annual West Texas Legislative Summit brought a record-setting number of 10 Congressmen to San Angelo. We also incorporated the 20 Under 40 Awards Program into our events calendar, a nomination-based awards ceremony recognizing a new generation of influential professionals.

PLANS FOR 2022...

- Continued net membership growth
- Launch new and improved member benefits program
- Deepen relationship with Goodfellow Air Force Base
- Cultivate relationships with minority owned businesses by engaging with organizations that represent them and through Minority Owned business forums
- Focus on increasing housing options and opportunities in San Angelo
- Launch a state of the art business education resource app (Grow and Protect)

DRIVING THE ECONOMIC DEVELOPMENT OF OUR COMMUNITY

San Angelo has been able to overcome the challenges presented by the COVID-19 Pandemic and we are well positioned for a strong future as the world economy recovers.

In 2021, the Chamber of Commerce assisted San Angelo move aggressively towards growth for our local business and recruitment of new, world class businesses into the San Angelo area. We completed a 184-acre rail port and are now actively recruiting companies to occupy the new facility. We saw SMC Global continue with their expansion plans and we brought Tekmetric, a software development firm, to our workforce. In collaboration with San Angelo Independent School District, we formally launched SME Prime, a program to educate today's student in advanced manufacturing technology. We saw the development of a major solar energy project and see continued growth of alternative energy projects. We are witness to great interest in San Angelo and are well-positioned to take advantage of the emerging opportunities in the post-COVID-19 economy.

**Inland Rail Port and Logistics Center
San Angelo, Texas**

PLANS FOR 2022...

- Develop the San Angelo Rail Port through the recruitment of world class tenants
- Develop international trade ties that leverage the migration of manufacturing to Mexico
- Continued excellence in the support of our local businesses
- Continued growth of our industrial sector through the recruitment of world class companies
- Developing our workforce by continued support of industrial and trade education programs at all levels
- Continued support of the growth of our agricultural sector
- Focused recruitment of companies bringing renewable energy generation capacity to the Concho Valley

GROWING OUR CRITICAL TRAVEL AND TOURISM SECTOR

San Angelo is a great place to visit and the San Angelo Chamber of Commerce, through its Destination Marketing Organization, proactively markets the travel and tourism of our community to the world. The impact of travel and tourism to our local economy is immense with hundreds of million dollars being added through direct spending, over twenty million dollars in local and state taxes and the support of thousands of direct jobs. 2021 was a challenging year for the travel and tourism industry generally but San Angelo certainly fared far better than most with our community receiving many accolades including the designation as the "Visual Arts Capital of Texas", "Destination of the Year" by Travel Texas and "#2 True West Town in the USA." We also hosted the first Revolution Film Festival. 2022 will continue to be a period of recovery and rebuilding of this critical pillar of our local economy and the Chamber of Commerce, through the Destination Marketing Organization, will lead the way.

PLANS FOR 2022...

- Further development of a Tourism Master Plan using results from a visitor survey, an accommodation survey, and a DestinationNEXT development survey sent to local leaders in 2021, in addition to other research gathered annually.
- Development of Tourism Neighborhoods, identifying the visitor-related attractions in all areas of the city.
- Rebuilding the meeting and event market in San Angelo after two years of challenges due to pandemic restrictions.
- Making DiscoverSanAngelo.com the community calendar for all visitor events for the city
- Creation of a more visitor-friendly website to showcase the best that San Angelo has to offer for the visitor experience.

EDUCATING OUR MEMBERSHIP AND DEVELOPING OUR WORKFORCE

To build a stronger workforce in San Angelo, the San Angelo Chamber of Commerce partners with the City of San Angelo, Tom Green County, San Angelo ISD, Howard College, Angelo State University, the ASU Small Business Development Center, as well as many other local businesses. This collaborative effort cultivates business-education partnerships, curriculum development, and mentoring programs. In 2021, the Chamber donated over \$30,000 to support educational initiatives in advanced manufacturing, entrepreneurship, and medical technology. Strong employees build strong businesses, and the Chamber is committed to building our local workforce.

A LOOK BACK AT 2021...

SUPPORT FOR ENTREPRENEURS & START-UPS

The San Angelo economy has historically been driven by strong entrepreneurs. The ASU SBDC is the premier educator and supporter of start-up companies and small businesses in San Angelo. In 2021, the Chamber donated funds to the SBDC to support the provision of small business training programs for our local entrepreneurs. The supported training, once completed, will greatly assist our local businesses' access to bank financing.

SUPPORT FOR SME PRIME PROGRAM

The Society of Mechanical Engineers (SME) delivers training for our next generation of advanced manufacturing professionals starting at the high school level. In 2021, the Chamber joined COSADC, Ethicon, and Principal LED to deliver funds necessary to launch this new program in San Angelo ISD. Each year, over 100 students will be trained in advanced manufacturing under the SME Prime program. This critical education will provide students with career opportunities in support of our local businesses.

SUPPORT FOR HOWARD COLLEGE

Established in 1945, Howard College is a leading provider of vocational technical training in the medical arts and offers nine avenues of study in health professions at its San Angelo campus.

DEVELOPING OUR MINORITY OWNED BUSINESSES

In 2021 we launched a mentorship program that focuses on pairing mature, successful minority owned businesses with minority owned startup companies. This program allows startup businesses to develop skills and receive advice from those who have the wisdom from years of experience.

BUSINESS BROWN BAG LUNCHEON SERIES

On the third Tuesday of each month from noon to 1pm the Chamber partners with Angelo State University's Small Business Development Center to bring webinar training to businesses in San Angelo. This series offers training that is relevant and timely to business owners and managers.

MONTHLY MEMBERSHIP LUNCHEONS

The Chamber hosts a luncheon on the second Tuesday of each month from 11:30am-1pm, with the purpose of keeping the membership informed on topics of interest that include the state of the city, the state of the county, a legislative update and many other topics relevant to local businesses.

PLANS FOR 2022...

- Successful roll out and implementation of the TMAC program which offers customized industrial training programs.
- Successful implementation of the SME PRIME program within San Angelo ISD high schools.
- Increased support for internship programs for San Angelo ISD, Howard College, and Angelo State University.

The San Angelo Chamber of Commerce

GIVING YOUR BUSINESS A VOICE THROUGH EFFECTIVE ADVOCACY

The West Texas Legislative Summit is the premier legislative event in the Concho Valley area which brings together hundreds of elected officials and business or industry professionals throughout the west Texas region. This event provides a forum for west Texas community representatives to spend time discussing and advocating for the betterment of the region. The 2021 Summit provided a platform for ten congressmen to discuss the legislative priorities and efforts being applied to support the west Texas legislative environment regarding alternative energy projects, agriculture, water, transportation, education, and our military. As a sought-after event, we look forward to continuing this comprehensive advocacy program in 2022.

PLANS FOR 2022...

- Improve communications on emergent government and policy issues with stakeholders and members.
- Increase focus on process improvements within local government in support of local businesses.
- Deliver another "Best Ever" West Texas Legislative Summit.
- Leadership in the promotion of the expansion of San Angelo's workforce housing inventory.
